LEISURE, SCREEN & SPA ROOMS

# THE PERFECT GETAWAY

The Leisure Room by SummerSpace® is destined to become your new favorite place to be (and the envy of your neighbors). Slide open the windows and let the cool breeze in as you sit and enjoy your dinner while taking in the view.

the  
LEISURE ROOM

**ROOF:** TEMPOTEST DENMARK #T7925  
**FRAME:** WHITE TEXTURED #SS9016  
**DECK KIT:** FOREST GREEN TEXTURED #SS6005

**Leisure Rooms by SummerSpace®** are built with glass and screen panels which are carefully crafted to be as functional, durable, compact and strong as possible. We've engineered significant performance into a slender panel design for a weather resistant room that will endure for years. These panels connect securely for a quick and efficient installation.

---

*Our Leisure Room panels are versatile depending upon your needs. The sliding glass windows can be opened to control your environment, or removed seasonally if you prefer just screens in the summer.*

---

#### LEISURE ROOM OPTIONS:

8 Textured, powder coated frame colors [PAGE 18](#)

24 Tempotest® roof fabric selections [PAGE 19](#)

2 Panel base choices: Tempered glass (standard) or aluminum kickplate base (optional)

Deck Perimeter Kit in 4 color selections [PAGE 20](#)

Fan & Light Mounting Kit [PAGE 21](#)

Flame retardant coating for roof fabric

Extended height panel optional for more space

ROOF: TEMPOTEST NAVY/GREY RIB #T63610  
FRAME: SAND TEXTURED #SS1019  
DECK KIT: ESPRESSO TEXTURED #SS8022

ROOF: TEMPOTEST DRIFTWOOD #T926  
FRAME: ALMOND TEXTURED #SS1013  
DECK KIT: SAND TEXTURED #SS1019

A scenic view of a lake at sunset. The sun is low on the horizon, creating a warm, golden glow. The sky is filled with soft, white clouds. In the foreground, there are several large trees with green leaves. A wooden dock extends into the water on the left, with a small boat tied to it. The water is calm, reflecting the sky and the trees. The overall atmosphere is peaceful and serene.

## SUMMER BREEZE

The Screen Room by SummerSpace® is the perfect retreat from solar heat and insects. These square, rectangular and octagonal rooms come with many fabric and frame color options to make it the perfect oasis in your yard.

the  
SCREEN ROOM

**Screen Rooms by SummerSpace®** are built with our durable aluminum frame using Phifer® TuffScreen® to create a space that's insect free with a hint of privacy. We've engineered significant performance into a slender panel design for a comfort space that will endure for years.

Phifer® TuffScreen®

Phifer® TuffScreen No-See-Um

a finer mesh to deflect microscopic insects

*At SummerSpace® we use only the highest-grade materials on the market, and that's why we choose Phifer® TuffScreen®. This long-lasting, vinyl coated polyester screening is available in two types: Heavy duty 18x16 mesh screening and TuffScreen® No-See-Um® with a 20x20 mesh to keep out most tiny insects.*

the  
SPA ROOM

## BABY, IT'S COLD OUTSIDE

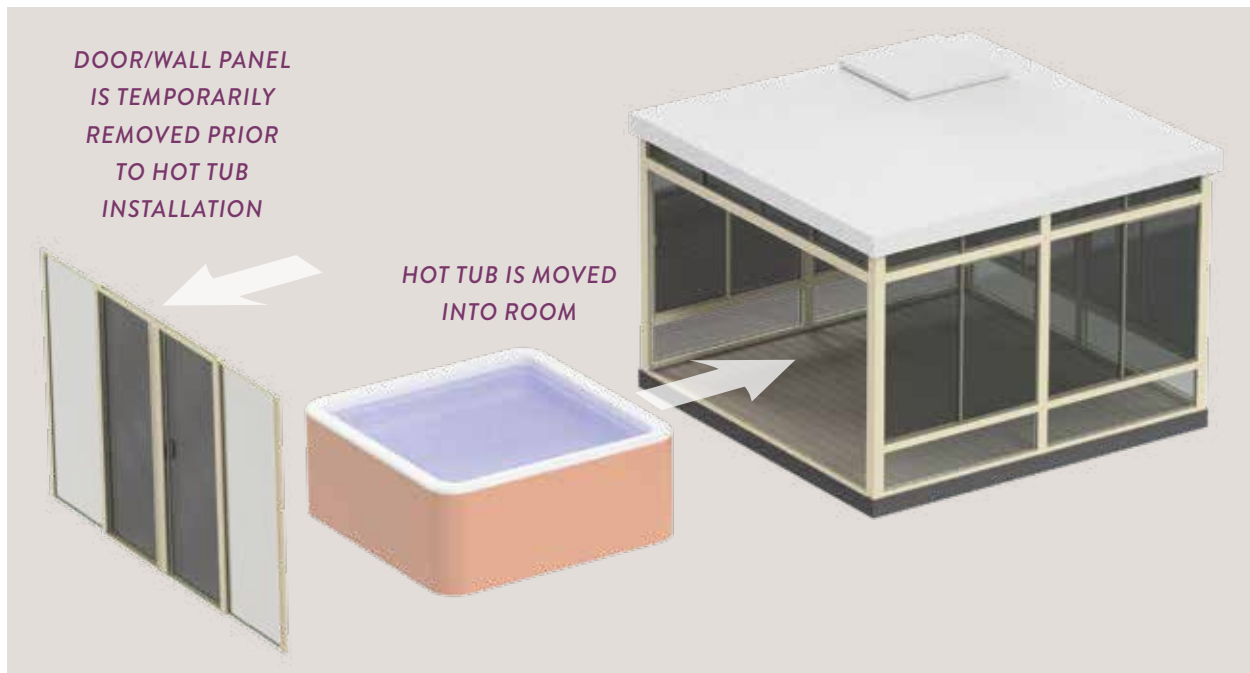

But, that doesn't matter when you have your own Spa Room by SummerSpace®. Escape the winter doldrums as you soak in a soothing hot tub that's waiting right outside your door. It's the ultimate way to pamper yourself and entertain friends.

ROOF: TEMPOTEST BRUSHED SILVER #LW62  
FRAME: ESPRESSO TEXTURED #SS8022

**Spa Rooms by SummerSpace®** are designed with one feature that makes our product unique: Our Removable Center Sliding Door/Wall System accommodates the seamless installation of a hot tub. The doors open for normal access, however the entire door/wall system is removable to slide in your tub, and then easily re-affix for a complete room that will give you the ultimate comfort experience at home.

Leisure, Screen & Spa Rooms by SummerSpace® are made with hand crafted panels to create a square, rectangular, or octagonal room. With panel frames available in 8 colors, these rooms are made to last with extruded aluminum, SummerShield™ coating, Phifer® TuffScreen®, and i89 Low-E Tempered Glass.

All rounded sizes are nominal; See specific drawings for exact measurements.

\* Height and headroom measurements are bottom of panel up. Optional deck platform will add 7 inches to overall structure height.

\*\* Optional deck kit not included in weight measurements.

Double Sliding Door/Wall Panel (no glass) with Phifer® TuffScreen®, Top Vent

Double Sliding Door/Wall Panel (no glass) with Phifer® TuffScreen®

# ANATOMY OF A PANEL

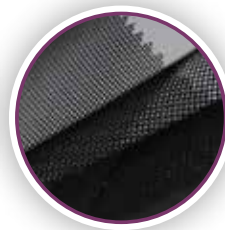

**1**  
**TOP VENT SLIDERS**  
Optional top vent tempered glass slider windows allow you to control room air ventilation.

**2**  
**SLENDER DESIGN**  
Durable components allow for a thin overall panel depth of 2 1/4".

**3**  
**SMOOTH FUNCTION**  
Sliding hand fixtures effortlessly glide up and down for uniquely custom functionality.

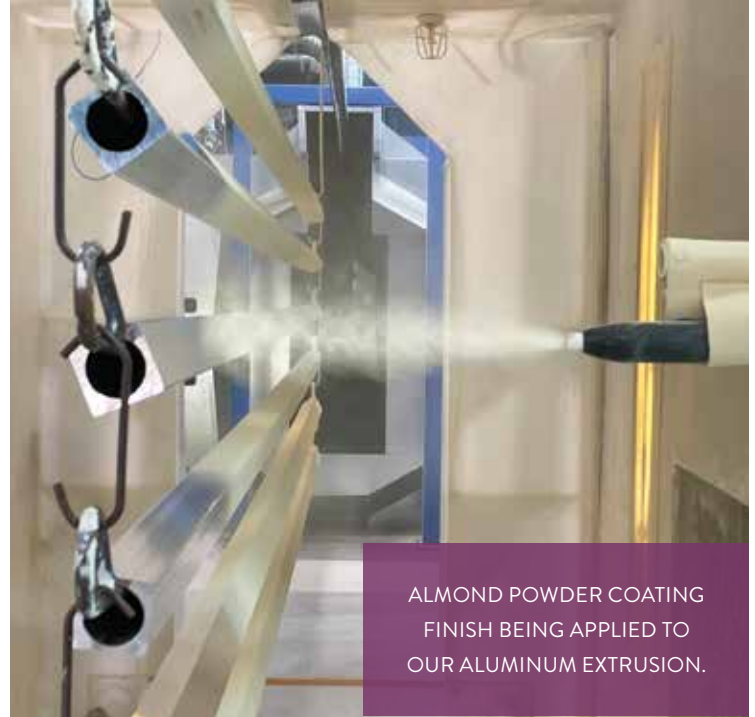

**4**  
**INSECT CONTROL**  
Phifer® TuffScreen® (Standard mesh or optional No-See-Um mesh) helps to deflect small insects while giving your space a hint of privacy.

**5**  
**TEMPERED SAFETY GLASS**  
Our i89 Low-E Tempered Safety Glass is high performance with clear appearance & high light transmission.

## SUMMERSHIELD™

All powder coatings and applications are not created equal. Our industry leading pretreatment, and proprietary SummerShield powder coating finish, exceeds AAMA 2604 specifications including 3,000 hour salt spray testing. This super durable finish includes UV inhibitors that extend the life of the beautiful, fade resistant finish. Choose from eight low gloss, lightly textured finishes. SummerShield takes it one step further by infusing our coatings with anti-microbial technology for the ultimate in low maintenance finishes.

ALMOND POWDER COATING FINISH BEING APPLIED TO OUR ALUMINUM EXTRUSION.

### Signature Colors

THESE 5 COLORS ARE STANDARD AND ARE INCLUDED IN THE PRICE.

**SS1013** Almond Textured

**SS9016** White Textured

**SS1019** Sand Textured

**SS7043** Mineral Gray Textured

**SS8022** Espresso Textured

*We coat our own frame parts and extrusions in our 31,000 s.f. SummerSpace® powder coating facility. Our 313-foot continuous powder coat line allows us to wash, powder coat and heat-dry all parts to a perfect finish in under 2 hours!*

### Signature Plus Colors

**SS3005** Burgundy Textured

**SS5011** Navy Blue Textured

**SS6005** Forest Green Textured

*Color swatches shown here may vary from actual materials. Contact your SummerSpace® dealer for powder coat swatch samples.*

## FABRICS BY TEMPOTEST®

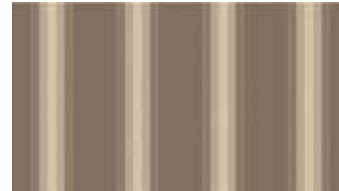

SummerSpace® products are carefully crafted with a roof made from the best outdoor fabric in the industry, Tempotest®. Below is our selection of fabrics included in our Pool, Patio & Spa collection. Additional Tempotest fabrics are available for an upcharge.

**LW59** Sand Dune

**T5349106** Brown Cream

**T5349930** Crème Latte

**T926** Driftwood

**T539678** Rebel Green

**T534762** Meadow White

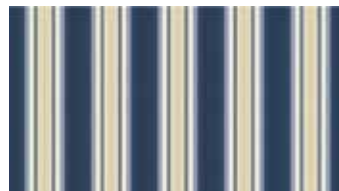

**T6365** Forest/Beige/Cream

**T7925** Denmark

**T539687** Rebel Sapphire

**T12** Sunflower

**T22** Shoreline

**T16** Lime

**T15** White

*Color swatches shown here may vary from actual materials. Contact your SummerSpace® dealer for fabric swatch samples.*

## DECK PERIMETER KIT BY SUMMERSPACE®

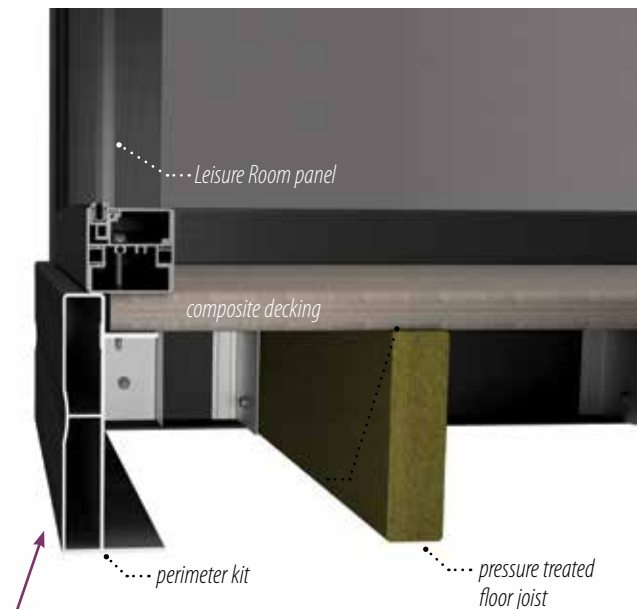

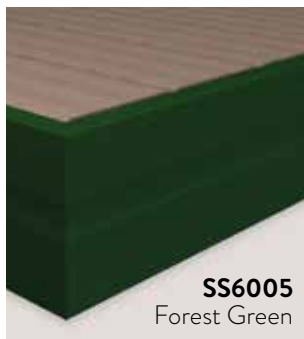

**Why invest in a perimeter kit?** Crafted from high grade aluminum, this subframe is designed to fit your new outdoor room perfectly. Using pressure treated floor joists and composite decking in your choice of colors (provided separately by owner and not included in the perimeter kit), the powder coated perimeter kit hides the edges of the flooring to provide a clean upscale look, as well as keep your structure secure during heavy winds. Our panel system is designed to fit and secure perfectly on the perimeter deck, so you never have to give it a second look. Our leisure and screen rooms can be mounted to a concrete pad or strong wooden platform, but cannot be mounted to asphalt, patio blocks, bricks or grass surfaces.

**ROOF:** TEMPOTEST DRIFTWOOD #T926  
**FRAME:** WHITE TEXTURED #SS9016  
**PERIMETER:** ESPRESSO #SS8022

SCREEN ROOM INSTALLED ON COMPOSITE DECKING, FEATURING OUR DECK PERIMETER KIT IN ESPRESSO.

### TRIM COLOR SELECTIONS

Our perfect fit, powder coated aluminum perimeter kit replaces the need for outer edge framing materials while beautifully covering the ends of the decking material.

*Floor joists and decking are to be supplied by owner and are not included in the perimeter kit. We recommend Timbertech®, Trex® or equivalent 1" (5/4") decking.*

# OUTDOOR COMFORT ROOM

## FEATURES & OPTIONS

**Vector Vent Roof Systems:** Our roofs are constructed with a cupola for air ventilation. These roof systems are made from durable aluminum and include a Phifer® mesh insert to help keep insects out of your room.

**Easy Roof Tensioning System:** Our “fast straps” make it easy to keep the fabric roof system taut as a drum without special tools or techniques.

**Top Vent Slider Windows:** In addition to our Vector Vent Roof, our top sliders offer another way to expel excess heat while generating good air flow. Positioned at the top of every panel (with extended height option), you will have total control of the breeze. (Leisure & Spa Rooms only)

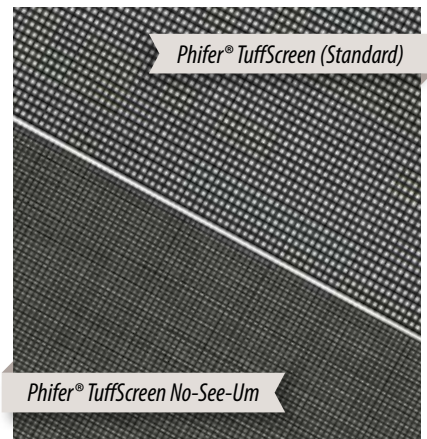

### Ceiling Fan & Lighting Fixture Bracket Kit:

We make it easy to add lighting and comfort with our fixture bracket. This kit allows you to easily and securely install a ceiling fan or center light while keeping wires concealed from view.

### Phifer TuffScreen:

Choose between Phifer Standard TuffScreen® or No-See-Um®. Each is made from durable mesh and keeps most small insects out. These screens will help protect your outdoor space and increase daytime privacy.

### Tempotest Fabrics:

SummerSpace products are made with the best outdoor fabrics in the industry: Tempotest®! Our Linen Weaves, Stripes and Solids offer a fabulous selection for just the right look.
